

July 6th, 2011

It is with great pleasure that we write this testimonial for Jill. In eight years of living in Napanee with a house constantly under "renovation" we were time and time again let down by various trades people. We are now re-locating to the Port Perry area and found ourselves in great need of help to prepare our house for sale. Jill was recommended to us and from the first contact to the last moment after the job was completed we were impressed and thrilled with Jill's professionalism, punctuality, precision and overall genuine pride in her work.

She had the thankless task of repairing and beautifying some other carpenter's poor workmanship and she took what was once an eyesore and made something we could be proud of. She went above and beyond in all aspects of the job including dog and child care on occasion.

It is with the highest regard that we would recommend Jill of all Trades for any project that you need done.

Sincerely,
Deanna Smith
